

Exhibitor Advisory Note

Warning against dealings with [Fair Expo](#) / [MULPOR Company S.R.L](#) / [Expo Guide](#) / [Fair Guide](#)

It has come to the attention of Rotorcraft Asia and Unmanned Systems Asia Organiser that some of our exhibitors received invoices from **FairExpo** for digital media exposure at Fairexpo.de. **We would like to stress that Rotorcraft Asia and Unmanned Systems Asia have no connection with FairExpo.**

We would also like to warn all exhibitors against similar questionable practices by other exhibition/trade directories or organisations who send invitations to exhibitors inviting them to update or correct their data with their fair directories and subsequently claimed exhibitors for fees.

These directories and organisations include, but are not limited to, the following:

- International Fairs Directory (Inter-fairs), operating under Mulpor Company S.R.L and its debt collectors IBCM Management, United Directorios Lda., Lisbon Portugal and Integra Eco Kft., Budapest Hungary;
- Expo Guide (Mexico); and Fair Guide

As the Organiser of the Rotorcraft Asia and Unmanned Systems Asia, we would like to stress again that none of the above organisations has any connection with us.

How does it work

These companies publicise their services with forms that resemble an organiser's Free Event Listing Service, inviting exhibitors to sign and return the form for a listing in a directory, which may contain fine print seeking payment for fees or subscriptions. Upon replying, the exhibitor will then be contracted into an agreement which require payment for the listing services. These companies will proceed to approach exhibitors for payment thereafter.

You may wish to find out more information from this [article](#) by UFI, the Global Association of the Exhibition Industry. While such communications may bear our event, logo and/or company name, we wish to **emphasise** that these companies are not affiliated to or authorised by the Organiser of Rotorcraft Asia and Unmanned Systems Asia.

We urge our valued exhibitors to exercise caution when receiving such correspondence to avoid possible unwarranted and/or unnecessary financial commitments.

Authorised Communication from Rotorcraft Asia and Unmanned Systems Asia

As the Organiser of Rotorcraft Asia and Unmanned Systems Asia, we ask for exhibitors to update their company profile via the Online Exhibitors Manual. Rotorcraft Asia and Unmanned Systems Asia works with trusted partners whom we will introduce personally to you based on your business needs. We respect your privacy and will never forward your details to third parties without your prior consent. Hence, we would like to assure you that data list providers (e.g. expolists.com) who have claimed to have access to our event attendee lists do not have the data they claim and we urge you to exercise caution if approached.

If you need any clarifications or verifications on such communications, please do not hesitate to contact us at sales@rotorcrafft-asia.com or sales@unmannedsystems-asia.com or +65 65428660.
